

An Invitation From Your President, May 2022

First I want to thank all the people in the past who have kept this organization going in such a great, positive way. We are all benefiting in many ways. The Steering Committee has evolved into a fun, busy, talented group of people who love flowers and plants. I am so happy to have been voted your president for 2022 and 2023. I am looking forward to the next show and the next meeting and the next field trip, etc!!

Now, I have an invitation to anyone, who may want to be more involved, to come and participate with us. We have a few options that are available.

Let's start with our Webmaster. This person would need to be somewhat comfortable working on a computer and interested in learning the fun of creating on a website (if that was not your expertise already). Some Graphic Design experience would be awesome. The website needs updating regularly and is an important way we keep in touch with our membership. This position is a member of the Steering Committee and will be interacting with other members regularly.

The 2023 Garden Tour Chairpersons (3) are also open for appointment at this time. This is one of the most loved of our activities, the GardenTour. If you would like to be involved in a leadership role please contact me.

The 2023 Flower Show is waiting for a creative leader to shine. Lots of options for a fun display.

Thanks for your interest and ideas!
